

National Calibration Inc., established in 1955, is a growing full service commercial calibration company with multiple offices located throughout the southwestern United States. Our accredited laboratory provides calibration and repair of test and measurement equipment to include Electronics, Force, Linear, Torque, Pressure, and Weight.

NCI offers excellent career opportunities that begin with a stable, challenging workplace within a culture of safety and quality. We pride ourselves on our ethics, the excellence of our employees, responsiveness and quality of our work, and the use of proprietary technology that allows us to deliver our services faster. We offer **competitive** compensation, benefits, training, development and a professional work environment. We have consistently provided a match to our employees' 401k retirement contributions.

Our team members thrive in this demanding work environment and look forward to meeting the challenges of our clients' diverse needs. If you seek continuous learning and progression in your career, we offer outstanding training and opportunity for growth. **"The Quality People"** is not just a tagline; it is fundamental to our place in industry and who we are. It symbolizes our commitment to employ talented and dedicated professionals who share our values and desire to succeed.

We are looking for an experienced Commercial Calibration Technician to join our Radio Frequency and Electronics team.

PROFESSIONAL EXPERIENCE / EDUCATION / SKILLS

- 2 years of experience in commercial calibration testing, troubleshooting and repair, data collection and report completion on a wide range of electronic (electrical) measuring and test equipment (M&TE) is required
- Strong knowledge of electronics theory and metrology practices is required
- PMEL or TMDE training considered
- Some experience training/mentoring technicians

Candidate must have a clean motor vehicle record, and some travel to client sites may be required. **NCI** is a drug-free workplace.

We provide excellent benefit packages which includes: medical, dental, vision insurance, paid time off and holiday pay, 401K and much more. To learn more about us and apply online www.nationalcalibration.com
