VIVACITY INFRASTRUCTURE GROUP

JOB TITLE
Utility Locator

COMPANY
eX² Technology

FSLA STATUS
Non-exempt

Looking for a new career opportunity with an innovative, technology-driven company? eX² Technology is seeking a highly skilled individual to fill our available Utility Locator position. As a Utility Locator, you will respond to dig ticket requests from contractor crews to locate, identify and mark existing client infrastructure and meet compliance with Company, State and Federal processes, procedures, rules and regulations.

In return, we offer competitive pay with an excellent benefit package including paid time off, company matching 401(k) plans and medical, dental, vision and life insurance options along with professional development and career advancement opportunities in a growing technology-driven industry.

WHAT DOES A TYPICAL DAY LOOK LIKE?

- Support underground facility construction activities with a focus on damage prevention and the protection of multiple utilities' infrastructure.
- Locate and mark underground facilities using various industry tools, standards and methods, including the use of various locating devices and utility maps.
- Compare real-world conditions to record documentation to identify errors and omissions.
- Verify locations of all client facilities within specified dig extents
- Examine and investigate all damages with their purview creating all required documentation.
- Perform all work safely.

JOB REQUIREMENTS

- High school diploma or GED equivalent
- Ability to work independently with minimal supervision.
- Strong communication and interpersonal skills to support excellent working relations with citizens, company, contractor representatives and customers.
- Good organizational skills with the ability to handle many varied tasks at once.
- Knowledge and understanding of safe worksite practices.
- Experience with the construction and installation of below grade infrastructure.
- Experience working within and utilizing existing utility standard designs.
